

YAXLEY HOUSE

Exceptional care in rural surroundings

Yaxley House is yet
another jewel in the
Kingsley Crown

Yaxley House offers both residential care and specialised dementia care.

Yaxley House is the tasteful conversion of a beautiful Victorian country house. The more contemporary design of our newer wing compliments the home and allows us to meet the local demand for our exceptional care. The home lies on the edge of the pretty village of Yaxley, which is close to the market town of Eye, providing an idyllic and quiet location yet so convenient for the Norwich to Ipswich A140.

Aesthetically impressive both inside and out, the home is set within four acres of extensive grounds and gardens for residents to enjoy. Inside, the home is very well appointed, with private rooms, a companion suite, airy and spacious lounges and separate dining rooms. The home also benefits from a unique, large internal patio and garden area, an ideal safe area for residents to enjoy outdoor space and fresh air.

“A real home from home in beautiful surroundings.”

Like all our Kingsley Healthcare homes, our care is focused around each person's individual needs and wishes, we value and respect how each person chooses to spend their day. As such, no two days at Yaxley House are quite the same and there's opportunities to do as much or as little as people wish. We actively encourage people to take part in the daily living activities as well as other ongoing activities that make life fun and interesting every day.

Our catering team take great delight in cooking up real homemade food that brings a smile to everyone's face. Our menu and the choices we give, is constantly updated but every day provides a mix of healthy and delicious dishes.
